What type of photos are you envisioning

Bright fall boho vibes, classy yet displaying our laid back wedding style, we are ok with a few moodier or less classic photos shuffled in as well

Are either one of you self-conscious about anything?

Jordan: I feel that I don't always look the most photogenic in candid pictures/certain angles, sometimes I think my smile is too gummy or I might look like I have a double chin or dark under eye circles/bags
Cody: My hair being thin

Can I get a list of all your vendors
